This is an update to the Home Health Services Electronic Visit Verification (EVV) Florida Medicaid Health Care Alert Dated August 28, 2018.

Effective October 1, 2018, fee-for-service private duty nursing (PDN), home health visits (HH) and personal care service (PCS) providers across the state must submit claims for home health services rendered through the AHCA EVV claims system.

Training opportunities are available to assist home health agency personnel on several functionalities of the AHCA EVV system including:

- Scheduling services using the AHCA EVV Dashboard
- Checking in and out using the AHCA EVV Smart Phone Mobile Application
- Billing for services rendered using AHCA EVV Claims Portal

Home health administrators, directors of nursing, billing staff, caregivers/aides and other appropriate individuals are encouraged to sign up and attend the training session date(s) and time(s) that best fits their schedule.

Step #1: Register to use the free home health services visit verification system.

The home health agency administrator, or designee, needs to create an EVV Dashboard profile for their agency by going to the [EVV Registration](#) page.
