# Review Status

## **Review Status Determinations**

- PEND: Additional information is being requested
- 1st Level Review: The review is currently being reviewed
- 2nd Level Review: If medical necessity cannot be made at 1st level review gets referred to a physician reviewer
- Cancel: Duplicative Service or line items not entered correctly, No Medicaid eligibility
- Technical Denial: Untimely Submission

## **Pended Reviews**

- Please make sure to review the pend completely. There may be more than one item that is being requested failure to respond to the entire request will result in additional pend. This delays the om the reviewer, review and delays the recipient getting service.

## **Modifications**

- You can only submit a modification on an approved review. Upon submission, please provide an explanation for the change. You can document this information in the Clinical Summary tab.

# Denials/Reconsiderations

## Denial

- The physician reviewer may render a (full) medical necessity denial of one or more service line items.

## Partial Denial

- When a partial denial is rendered, some of the services are approved and some are denied. Therefore, there is not a complete denial of the services. This adverse determination may involve a denial of the number of units requested, the frequency and/or the duration of the service.

## Technical Denial

- Please note all PCS requests must be submitted as Prior Authorization. If you are submitting a request for dates of service that have already passed this may result in a Technical Denial.
- The request must be submitted with all required documentation.

**NOTE:** If the recipient has retroactive eligibility, please indicate this information in the Summary Clinical Tab

## Reconsideration and Fair Hearing Rights

➤ Partial and full denials have reconsideration and Fair Hearing Rights. Recipients or their parent/legal guardian need to be made aware of this process. There are time limitations for the requests outlined in the denial letter.
